About me

I am Front-End Developer, I have been working since 2017 in different companies. Flash.ge Lemons.ge Hobbystudio.ge Proservice.ge and Mywebsites.ge are the companies where I got experience.

In these companies I worked as a MarK-up Developer, where I built site designs: list of sites: sangu.edu.ge geoukravit.ge afalona.eu raizomat.com etscars.com and automations.ge

Skills

HTML   CSS   JAVASCRIPT   REACT JS   SCSS   BEM
BOOTSTRAP   JQUERY   GIT

Experience

DUCKSVEGAS.COM - Online Crypto Casino   2022

DUCKSVEGAS.COM - My first project where I worked on React.

PROWAY.GE - Software Company   2021

I built two very interesting projects in the company:
LAWPORT.GE - An online platform for lawyers that I built from start to finish, where I used scss, bem, javascript, jquery

BROKERAPP.GELASHVILI.INFO - Insurance packages platform which is built from start to finish by me. I used scss (function), bem, javascript, jquery

CROCOBET.COM - Online Casino   2020

At the company, I did the weekly stock pages and processed the data from API into Javascript
Also, I worked on mobile bet ticket in Angular

WANDIO.COM - Software Company   2019

ONOFF.GE - One of the big online stores I worked

Projects

Tenders.ge - Tender announcement platform, which is built from start to finish by me, and which was order. I used javascript, jquery, scss (function)

veyvey.gelashvili.info - A booking platform similar to Airbnb is built from start to finish by me and was ordered by Mywebsites.com. I used scss (function), javascript, jquery, bem method

shop.gelashvili.info - I made an online store platform from start to finish that was ordered by Itemssphere. I used scss, bem, javascript, jquery (mobile)
